It is recommended to use the original software that came with your computer device. If you do not have the software, and you cannot find it on the website of the manufacturer of the computer device, then we will help you. Tell us the model of your printer, scanner, monitor or other computer device, as well as the version of the operating system (for example: Windows 10, Windows 8, etc.).Find operating system info in Windows 10From the Apple menu in the corner of your screen, choose About This Mac. You should see the macOS name, such as macOS Mojave, followed by its version number. If you need to know the build number as well, click the version number to see it.
